PLEASE USE WC CLAIM NO.

We have your petition for review of the Administrative Law Judge's findings of fact and order. The matter will be forwarded to the Labor and Industry Review Commission, c/o Wis. Public Broadcasting Bldg., 3319 West Beltline Highway 2nd Floor, Post Office Box 8126, Madison, Wisconsin 53708, for review as provided by sec. 102.18. As soon as possible, the appeal file will be forwarded by this Division to the Labor and Industry Review Commission. When a decision is made by the Labor and Industry Review Commission, you will receive a copy of its order. The Commission will review the evidence already presented at the hearing to make a decision. No further hearing will be held unless the Commission so orders.

A copy of this letter is being sent to the opposing party for its information. A copy of the petition for review is enclosed if not already sent by the petitioner.

Answer to the petition may be filed with the Commission within 21 days. (See LIRC 1.027, Wis. Adm. Code.) Benefits awarded by the Administrative Law Judge should be paid to the extent that liability is conceded. The Labor and Industry Review Commission should be informed of any additional payments so that proper credit may be given at the time of final decision.

A party may request review of the case on the basis of a transcript of hearing rather than a synopsis. In the request the party shall certify that it has ordered preparation of the transcript at its own expense and that it will file the original transcript with the department and serve copies on all other parties. This request shall be made in writing and filed no later than 14 days after the requesting party's receipt of this acknowledgement (WKC-128-E).

Sincerely,

Department of Workforce Development
Worker's Compensation Division
